### Policy Statement

Banstead Preparatory School (BPS) is a co-educational day school and nursery for girls and boys aged 2 -11.

In the event of Banstead Preparatory School being required by the relevant authorities to adopt a remote learning environment, the following educational provision will be implemented for all pupils. For clarity, individual pupils who are required to be at home due to restrictions from authorities will be included in this policy. Children who are absent for other reasons will not be included.

BPS is fully committed to ensuring that the application of this policy is non-discriminatory in line with the UK Equality Act (2010). Further details are available in the school's Equal Opportunity Policy.

This policy applies to the whole school including those in our EYFS setting should there be a major incident.

This policy will be reviewed annually or if legislation changes. The next review will be July 2025

## **Delivering a remote education at Banstead Prep School**

### **Class/School Isolation**

If a full class or the whole school require remote learning, then the school will deliver the learning provision using Teams, Seesaw and Tapestry. Rec – Y6 have a log in to Teams and SeeSaw and parents in Nursery have a log in to Tapestry, many year groups currently have homework set using the software.

Teachers will teach live lessons via Teams where appropriate, following set timetables. Lessons can be recorded and reviewed and work may be uploaded to Teams. Seesaw has the capability for children to be set lessons and complete them online, teachers can send links to videos or Powerpoints, explaining the lesson if required. Children can complete work directly on the app, upload photos, videos or documents of work completed. Teachers will be able to comment on the work via Seesaw either in writing or verbally.

Teachers will also use other software, including Doodlemaths, Hegarty Maths, Spelling Shed, Scratch, Pearsons, Purple Mash, Code.org and Linguascope to support the online provision.

Tapestry is used for Nursery, a weekly grid is provided with suggested activities. Parents are encouraged to upload completed activities; staff will provide feedback.

Whole school assemblies will be live via Teams. A full timetable will be set each day which children are able to follow. We will aim to offer a curriculum and activities that resemble normal teaching as much as possible. Pupils will be able to carry out the task assigned by the teachers independently, including accessing material. Staff will provide feedback.

Parents are able to access a remote learning page on the school website [bansteadprep.com/remote-learning/](http://bansteadprep.com/remote-learning/)

### **Individual Pupils Requiring Remote Learning**

In the case where an individual child requires a remote education, the school will offer an online provision. The School Office will provide a list each day to all teachers to advise them of any children requiring remote education.

Work will be set via Teams, Seesaw, or e-mail, as well as the other software listed above where it is being used in a lesson or for homework.

Children are not expected to complete work if they are unwell and parents should advise the form teacher if this is the case. Work will not be set for children who are off school due to illness.

Teachers will teach live lessons via Teams where appropriate. Children joining a 'live' lesson via Teams is not always an effective option as primary school teachers move around the classroom a lot, it would also impact the learning of the children in school as the teacher tries to communicate to two different groups at once.

### **Individual Teachers Isolating**

Should a teacher be required to self isolate, and they are not unwell, they will be setting work for their lessons. This will either be via sharing files on TEAMS, or they may pre-record a lesson or they may be able to join their class via a live link to classroom, if the lesson is such that it would be an effective option.

### **Absence**

Absence should be reported to the School Office via e-mail, telephone or via the Parent Portal (PC only), the School Office will advise the teaching staff so they know not to expect work to be submitted.

Staff should report absence as set out in the Staff Handbook.

### **Contact**

Parents will be able to contact the form teacher as normal through their e-mail address, any other queries should be sent to the School Office.
